Fitch Affirms Richard Pieris Finance at 'BBB+(lka)'; Outlook Stable

Fitch Ratings-Colombo-26 September 2019:

Fitch Ratings has affirmed Richard Pieris Finance Limited's (RPF) National Long-Term Rating of 'BBB+(lka)'. The Outlook is Stable.

Key Rating Drivers

The affirmation reflects Fitch's view that extraordinary support would be forthcoming from the parent, Richard Pieris & Company PLC (RICH, A(lka)/Stable), if needed. Our expectation stems from the parent's 98% effective control of RPF and their common brand name.

RPF is rated two notches below its parent because of its limited contribution to the group's core businesses. Fitch sees limited synergies between RPF and the group, which is evident in the smaller share of lending within the group's ecosystem. Furthermore, RPF's integration with the group is low, as the subsidiary exercises considerable management and operational independence. In addition, we believe support from the parent could be constrained by RPF's large size, as its assets represented 118% of group equity and 29% of group assets at end-March 2019.

RPF's intrinsic financial strength is weaker than its support-driven rating due to its small franchise, limited operating history, high-risk appetite and weak financial profile - primarily due to weak asset quality and high leverage. We believe RPF is likely to require additional capital in the medium term, which we believe may be sourced from internal group resources or externally, to meet the total capital ratio requirement of 12.5% by July 2021 in light of its loan-growth targets. However, its regulatory capital ratios are currently above the minimum required.

RATING SENSITIVITIES

Any reduction in perceived support from the parent through, for instance, declining parental control or importance to the group or an increase in the scale of the business relative to the parent, could be negative for RPF's rating. A downgrade of RICH's National Long-Term Rating could also trigger a rating downgrade on RPF.

Fitch believes a rating upgrade will depend on an upgrade of RICH or a significant increase in RPF's role or strategic importance to its parent.
